What You Need To Know

Normandy is a region of northwestern France, bordered in the north by the English Channel. It occupies five percent of all France's acreage and supports approximately five percent of its population. Home to farmland, apple orchards, and fishing ports, Normandy is noted for its seafood and dairy products—especially Camembert cheese. Normandy is a popular tourist destination, too, and includes the cities of Rouen and Caen, the ports of Le Havre and Honfleur, as well as Mont Saint-Michel and the famous D-Day beaches along the coast.
